

## ACTIVIDAD 9

**Materia:** Programación web

**Profesor:** Damian Reyes Pedro

**Alumna:** Castrejón Mejía Evelyn Fernanda

**Semestre y grupo:** 4°F

The screenshot shows a web browser window with the URL `localhost:7007/CambioMoneda`. The page has a dark blue sidebar on the left with the title "EJERCICIO 8" and a list of navigation links: Home, Counter, Fetch data, Mi historia, and Cambio moneda (which is highlighted). The main content area is titled "CAMBIO DE MONEDA" and has an "About" link in the top right. Below the title, there is a text input field labeled "PESOS" containing the value "50". A blue button labeled "Calcular cambio" is positioned below the input field. Underneath the button, there are three light gray boxes displaying the results of the conversion: "CAMBIO EN DÓLARES 2,662406815761448", "CAMBIO EN EUROS 2,507522567703109", and "CAMBIO EN LIBRAS 2,197802197802198".

This screenshot shows the same web application as the first one, but with the input value changed to "20" in the "PESOS" field. The "Calcular cambio" button remains visible. The results displayed in the three light gray boxes are: "CAMBIO EN DÓLARES 1,0649627263045793", "CAMBIO EN EUROS 1,0030090270812437", and "CAMBIO EN LIBRAS 0,8791208791208791".
